

Article Overview

Top Belgian brands include Trayco and Wibe Group, while Unitray is a leading Canadian manufacturer of cable tray systems.

Belgian Cable Tray Brands

Trayco is a 100% Belgian company specializing in cable trays, mesh trays, cable ladders, and mounting systems. They provide tailored solutions and consulting for installation projects, emphasizing optimization and project-specific advice . Wibe Group offers a broad range of cable support systems, including cable ladders, trays, and mesh trays. They are known for robust designs suitable for commercial, industrial, and extreme environments such as data centers, offshore wind, and chemical plants. Wibe also provides innovative solutions like the CLX 3 clickable support system and high-performance GRP trays with corrosion resistance and anti-static properties . Their brands include Wibe, Defem, Stago, and Mita.

Canadian Cable Tray Brands

Unitray is a leading Canadian manufacturer of aluminum cable trays, offering CSA-approved Class C, D, and E trays and fittings in standard lengths of 3m, 5m, and 6m. They focus on quality, safety, and compliance with ISO standards, providing solutions for industrial and commercial installations . Unitray emphasizes automated production for efficiency and maintains certifications for health, safety, environmental, and quality management systems, making them a reliable choice for Canadian projects.

Key Considerations

When selecting a cable tray support brand, consider:

- o Material options: Steel, aluminum, PVC, or GRP depending on environment and load requirements.
- o Certifications: CSA, ISO, or other local standards for safety and compliance.
- o Application: Industrial, commercial, data centers, or offshore installations.
- o Support and consulting: Some brands provide project-specific guidance and installation support. Both Belgian and Canadian brands offer high-quality solutions, with Belgian brands like Trayco and Wibe focusing on innovation and consulting, while Unitray provides certified, reliable aluminum systems for Canadian standards.
