

Fiber Optic Outdoor Switch

Preview

Economic fiber optic networking device, supplies up to 10KM fiber optical network between point A and point B. Direct-burial type, IP67 waterproof rating and aluminum IK10 vandal proof rugged metal housing, wide range working temperature from -30 to 60°C, ideal for harsh. AXIS T8504-E Outdoor PoE Switch gives you a quick, easy way to deploy outdoor cameras over long distances while keeping your installation costs low. With an integrated SFP port, it's perfect for fiber-based installation. Place this device at outdoor environment without concern of water damage and to provide gigabit network speed and sufficient high power for. Affordable, compact, energy-efficient 100 Gbps networking anytime. It features a powerful ARM v7 CPU, 256 MB of RAM, 4x 10G SFP+ ports, and an advanced Marvell switch-chip that can handle even the heaviest loads. It has a. Ernitec Electra-M10-Outdoor is a managed Outdoor Industrial Ethernet Switch with 8 x 10/100/1000Base-T PoE+ (max 2 ports supporting 90W PoE++) ports and 2 x 1000Base-X SFP ports. management and SNMP network management.

Industrial Ethernet switches are increasingly being used in factory automation, surveillance systems, and outdoor networking projects.
