

High-precision dual-port information panel

Preview

This dual-port panel is compatible with standard keystone modules including Cat5e, Cat6, and Cat6a. Designed to fit standard 86-type electrical wall boxes, it allows easy installation and ensures organized, professional-grade network cable termination for Ethernet, voice, or. Zhaolong Dual-Port Information Panel ZW862KJ 86 Type in gold is a premium wall-mounted network faceplate designed to support two keystone jacks for structured cabling applications. With its refined gold finish and durable construction, this dual-port panel delivers both function and style, ideal. The DC-Powered PAX(R) Dual Process Input Panel Meter helps you visualize analog and digital inputs with reliable panel meters that save you money and reduce downtime. When requirements change, simply upgrade your meter with field-installable, plug-and-play option cards to add communication. The FPC202 dual port controller serves as a low-speed signal aggregator for common port types such as SFP, QSFP, Mini-SAS HD, and others. The FPC202 aggregates all low-speed control and I2C signals across two ports and presents a single easy-to-use management interface to the host (I2C or SPI). APLEX introduced a brand new panel PC with dust-proof and waterproof ability and aesthetic design. The panel PC features flat bezel touch screen implements the latest projected capacitive multi-touch technology.
