

How many years is the warranty period for Ethiopian fiberglass cable trays

Preview

This period is two years for movable goods and five years for immovable goods. In case of breach of these warranties, the buyer has the right to seek remedies such as rescission of the contract, reduction of the purchase price, or damages. The following are some factors that affect the warranty period: 1. Materials and manufacturing. Implied Warranty of Quality: According to Article 2141 of the Ethiopian Civil Code, there is an implied warranty that the sold item is free from defects that would render it unfit for its intended purpose or diminish its value. Any shape, size, color or specification. Standard products ready in 3-7 days. Nationwide delivery across Ethiopia. Under normal. Fiberglass cable trays and cable tray systems have been tested and proven in the harsh environments of the offshore oil and gas industry. Subject to the corrosive conditions inherent in petroleum products, plus the daily punishment of exposure to wind, weather, and saltwater. Customer: How do I select my straight sections.
