

Multimode LC to LC fiber optic patch cord

Preview

This LC to LC multimode fiber optic patch cable is well-suited for 40/100 Gb Ethernet applications up to 300 meters (at 850 nm). Its short one-meter length reduces cable clutter. Use with VCSEL Light Sources for a Cost-Effective, High-Bandwidth Solution. Get low-loss fiber patch cables & cords with various connector options that support fiber optic cabling up to 400G. Fiber LC connectors are reliable and boast high-performance, making them a top choice for high-density connectivity at a lower cost. 6 mm Duplex, Low Smoke Zero Halogen (LSZH) Finish making your selections or clear them to view relevant specifications. Your web browser (Internet Explorer 11 or lower) is out of date and the functions below will not work with. OM5 Duplex Multimode 50/125 Fiber Patch Cable is a wideband multimode fiber (WBMMF) solution that supports at least four wavelengths in the 850-950 nm range.

Find reliable LC to LC duplex fiber cables for your networking needs. Available in various lengths and fiber types for optimal performance.

Fiber Patch Cords Your network is as strong as your weakest link. Leviton fiber optic patch cords meet or exceed industry standards to make sure you get the

Fiber LC connectors are reliable and boast high-performance, making them a top choice for high-density connectivity at a lower cost. LC fiber patch cables can be

LC to LC Connectivity - Same connector on both ends for seamless networking Duplex Fiber Cable - Dual-core design for simultaneous transmit and receive Multimode Fiber (50/125 μ m) - Suitable for

3D HD Gear specializes in professional grade fiber optic cables including the Hybrid Fiber Systems 15-Meter 50/125 Fiber Optic Patch Cable Multimode Duplex LC to LC 10-Gig Aqua. Shop securely online!
