

Price of Belarusian ladder-type cable trays

Article Overview

The price of Belarusian ladder-type cable trays varies depending on material, size, and supplier, with hot-dip galvanized trays typically priced per 2.4-meter section.

Overview of Pricing

Ladder-type cable trays in Belarus are commonly available in hot-dip galvanized steel, which provides corrosion resistance and durability for industrial and commercial installations. Prices are generally calculated per standard length of 2.4 meters, and fittings such as bends, tees, and reducers are priced separately per unit .

Factors Affecting Price

- o **Material and Coating:** Galvanized steel trays are more expensive than plain steel or aluminum due to corrosion protection.
- o **Dimensions:** Width and height of the ladder rungs influence the cost; wider trays for higher cable loads are priced higher.
- o **Supplier and Manufacturer:** Belarusian suppliers include local manufacturers listed on B2B platforms like Europages, which offer direct contact for quotes .
- o **Quantity and Customization:** Bulk orders or custom lengths may reduce per-unit cost, while specialized designs or accessories can increase it.

How to Obtain Current Prices

- o **B2B Marketplaces:** Websites like Europages list Belarusian suppliers of ladder-type cable trays, allowing direct inquiries for quotes .
- o **Local Distributors:** Contacting local electrical supply companies in Belarus can provide up-to-date pricing and availability.
- o **Online Price Lists:** Some international suppliers provide indicative prices for hot-dip galvanized ladder trays, which can serve as a reference for Belarusian market rates .

Practical Tip

For accurate budgeting, it is recommended to request a detailed quote from multiple suppliers, specifying tray dimensions, material, and required fittings. This ensures that the price reflects both the product specifications and any shipping or import costs if sourced internationally.
