

Price of Cable Tray Corner Elbows

Article Overview

Corner cable tray elbows typically cost around \$1.30 per piece for bulk orders, with prices varying based on material and supplier.

Pricing Overview

- o Bulk Pricing: On platforms like Alibaba, cable tray elbows are available for approximately \$1.3 per piece when purchased in bulk, suitable for galvanized or stainless steel options .
- o Material Impact: Prices vary depending on the material:
 - o Galvanized Steel: Strong, durable, and corrosion-resistant, ideal for industrial and outdoor use .
 - o Stainless Steel: Offers superior corrosion resistance and hygiene, often slightly more expensive than galvanized steel .
 - o Aluminum: Lightweight and corrosion-resistant, suitable for coastal or chemically exposed areas .
 - o PVC or Carbon Steel: Available from some suppliers, with cost depending on strength and durability requirements .

Supplier Considerations

- o Wholesale Orders: Buying in bulk can significantly reduce per-unit cost and streamline procurement .
- o Local Vendors: Companies like Graybar provide cable tray elbows, but pricing may vary based on ZIP code, minimum order quantities, and shipping directly from the vendor .
- o Customization: Some suppliers offer elbows in standard angles (15°, 30°, 45°, 60°, 90°) and customizable finishes, which can affect the price .

Practical Tips

- o For industrial installations, consider galvanized or stainless steel for durability and corrosion resistance.
- o For lightweight or elevated installations, aluminum elbows may reduce handling difficulty.
- o Always check minimum order quantities and shipping costs when ordering from suppliers, as these can impact the total cost . In summary, expect prices to start around \$1.30 per elbow for bulk purchases, with variations depending on material, angle, and supplier. For smaller quantities or specialized materials, prices may be higher.
