

Article Overview

Singapore has several reputable suppliers of low-voltage distribution boxes, including Visiontek Singapore, Schneider Electric, Lian Kok Electrical, M&I Electric Far East, Asiatic Group, SG Electrical, and MATRIX Switchgear.

Key Suppliers and Offerings

1. Visiontek Singapore Visiontek specializes in low-voltage switchgear, isolators, and distribution boards. They distribute international brands like KATKO, Mitsubishi Electric, LS Electric, and their own VOFFMAN(TM) line. Their products include metal-enclosed isolators, MCCB enclosures, and terminal accessories, all compliant with IEC standards. Visiontek emphasizes prompt delivery, technical support, and competitive pricing for contractors and industrial clients in Singapore . 2. Schneider Electric Singapore Schneider Electric offers a full range of low-voltage electrical distribution products, including circuit breakers, buses, enclosures, panelboards, and switchboards. They provide solutions for residential, commercial, and industrial applications, along with software tools like EcoStruxure Power Commission for monitoring and managing electrical panels . 3. Lian Kok Electrical An ABB-authorized distributor, Lian Kok Electrical provides a wide selection of low-voltage products such as miniature circuit breakers (MCBs), molded case circuit breakers (MCCBs), residual current devices (RCDs), and switch-disconnectors. They serve residential, commercial, and industrial projects, offering technical support and high-quality ABB solutions . 4. M&I Electric Far East M&I Electric supplies custom-built low-voltage electrical systems, including switchboards, motor control centers (MCCs), and distribution boards. Their products meet IEC, NEMA, and ANSI standards, and they provide solutions for industrial, commercial, and marine applications. They also offer integrated power and control systems with communication capabilities . 5. Asiatic Group Asiatic Group provides enclosures and distribution boards designed for harsh environments. Their products, such as ENYBOARD and ENYSTAR distribution boards, are IP65-IP67 rated, UV-resistant, flame-retardant, and compliant with IEC standards. They also offer pre-fabricated photovoltaic distribution boards and generator junction boxes . 6. SG Electrical Equipment Suppliers & Manufacturing SG Electrical offers containerized and compact substations with integrated low-voltage sections, suitable for construction sites, tunnels, and mining applications. They provide LV quick-connect plugs, transformers, and LV/MV cables, designed to meet international standards and local authority requirements . 7. MATRIX Switchgear Design MATRIX Switchgear manufactures low-voltage modular switchgear, standard switchboards, and metal enclosures. Their products are customizable to client specifications and comply with IEC 60439-1, EN 60439-1, and SS 293 standards. They also provide ATS panels, data center PDUs, and modular transformer enclosures .

Considerations for Choosing a Supplier

- o Compliance: Ensure products meet IEC, NEMA, or local Singapore standards.

- o Customization: Some suppliers offer tailor-made distribution boards for specific project requirements.
- o Technical Support: Suppliers like Visiontek and Lian Kok provide engineering guidance and installation support.
- o Delivery & Availability: Prompt delivery is critical for project timelines; suppliers like Visiontek and M&I Electric maintain local stock.
- o Application: Consider whether the distribution boxes are for residential, commercial, industrial, or harsh outdoor environments. These suppliers collectively cover a wide range of low-voltage distribution solutions suitable for Singapore's electrical infrastructure projects.

Inter Power Engineering Pte Ltd has evolved by capitalizing on our technical innovations and know-how in the field to customized

ABB Authorised Distributor since 1991. Singapore's leading provider of quality electrical solutions, low voltage products and wiring

We distribute an extensive range of distribution boards, including reputable brands such as ABB, Schneider Electric & more.

Our Low Voltage (LV) Switchboards are designed with innovation in mind, utilising the latest technology to provide a seamless

At Lian Kok Electrical Pte Ltd, we are dedicated to providing you with the highest quality ABB low voltage

Shaping Power Integration Incorporated in 1995, M&I Electric Far East Pte Ltd is a panel builder and

We specialize in Distribution Board DB Box Installation/ Replacement Services in Singapore. Upgrade your electrical setup in

Product Classification Our main products include prefabricated substations, high and low voltage switch cabinets,

Expert installation and replacement of distribution boxes, ensuring safe and efficient electrical systems for homes and businesses

Jingjin Equipment Inc. was founded in 1988. The company is a comprehensive electrical cabinet manufacturer. Our main products

MATRIX Switchgear Design Pte Ltd is incorporated in Singapore in Year 2001 by a skilled team with more

Singapore Low-Voltage Distribution Box Manufacturer

than 30 years of

Find reliable LV switchboards in Singapore for safe and efficient power distribution. Custom-built solutions for residential,

Track your personal stock portfolios and watch lists, and automatically determine your day gain and total gain at Yahoo Finance

ABB provides a full range of low voltage solutions to connect, protect, control and measure a wide range of electrical

From the smallest 8-way consumer unit to a 126-way distribution board -- the full range, in stock. VOFFMAN(TM) Distribution Boxes

Power Distribution We supply Main Switchboards, EMSB Sub Boards and DBs for projects of all requirements. Over the years, we
