

Article Overview

Trapezoidal cable trays in Tonga typically range from \$2 to \$25 per meter depending on material, type, and supplier, with local suppliers offering customized solutions.

Local Suppliers in Tonga

One of the main suppliers of electrical cable trays in Tonga is Brilltech Engineers Pvt. Ltd., which manufactures and exports standard and customized cable trays to meet industry requirements. They provide a range of electrical cable trays suitable for industrial, commercial, and specialized applications, and their products comply with ISO quality standards. For exact pricing, contacting their sales team directly is recommended, as costs vary based on tray size, material, and order quantity .

Price Range and Cost Factors

The price of trapezoidal cable trays depends on several factors :

- o Material: Galvanized steel is common and cost-effective, stainless steel is more expensive but corrosion-resistant, aluminum is lightweight and rust-proof, and plastic trays are budget-friendly but not suitable for heavy loads.
- o Tray Type: Ladder trays are more expensive due to their heavy-duty capacity, while perforated or wire mesh trays are cheaper.
- o Coating: Hot-dip galvanized (HDG) trays are durable outdoors but cost more, powder-coated trays offer wear protection, and pre-galvanized trays are less expensive but less durable.
- o Size and Length: Longer or wider trays increase material costs.
- o Bulk Orders: Large orders can reduce the per-meter cost significantly.
- o Additional Costs: Shipping, installation, labor, and equipment depreciation can affect the final price.

Estimated Price Per Meter

- o Low-end: \$2-\$5 per meter for lightweight plastic or perforated trays.
- o Mid-range: \$6-\$15 per meter for standard galvanized steel or aluminum trays.
- o High-end: \$16-\$25 per meter for stainless steel or heavy-duty ladder trays with HDG coating.

Recommendations

- o For industrial or outdoor applications, consider galvanized or stainless steel trapezoidal trays for durability.
- o For lightweight or indoor installations, perforated or plastic trays can reduce costs.
- o Always request a custom quote from local suppliers like Brilltech Engineers to account for specific
