

Article Overview

Fireproof stainless steel cable trays in Western Europe typically range from EUR50 to EUR250 per meter, depending on type, grade, and specifications.

Price Overview

The cost of stainless steel cable trays varies based on material grade, tray type, width, height, perforation, and fireproofing features:

- o Wire Mesh Cable Trays: Lightweight and cost-effective, commonly used in food, pharmaceutical, and cleanroom environments. Prices generally range from EUR50 to EUR120 per meter for standard 304 or 316 stainless steel trays .
- o Ladder Cable Trays: Designed for heavy-duty power cables, offering high load capacity. Prices typically range from EUR120 to EUR250 per meter, depending on width, rung spacing, and stainless steel grade .
- o Basket Cable Trays: Similar to wire mesh but with a basket-like structure, often used for sensitive instrumentation or data cables. Prices are usually EUR70 to EUR150 per meter .

Factors Affecting Price

- o Material Grade:
 - o 304 Stainless Steel: Standard corrosion resistance, suitable for most indoor and mildly corrosive environments.
 - o 316 Stainless Steel: Higher corrosion resistance, ideal for outdoor, marine, or chemical environments, and slightly more expensive.
- o Fireproofing and Coatings:
 - o Fire-resistant coatings or inherently fireproof stainless steel increase cost.
 - o Compliance with DIN EN 61537 or equivalent IEC standards may affect pricing .
- o Tray Dimensions and Load Capacity:
 - o Wider or taller trays, or those designed for heavy cable loads, cost more.
 - o Perforated or solid-bottom designs influence both price and ventilation efficiency.
- o Supplier and Delivery:
 - o Suppliers like Electrix, Eurostrut, CEF, and RS Components offer bulk discounts, custom lengths, and fast delivery options .
 - o Custom orders or specialized fireproof trays may require requesting a quote, as prices vary with specifications.

Western European Fireproof Stainless Steel Cable Tray Prices

Purchasing Tips

- o Request Quotes: For large projects, contact suppliers directly to get accurate pricing based on your specifications.
- o Consider Accessories: Brackets, hangers, lids, and connectors may add 10-20% to the total cost.
- o Check Stock Availability: Some suppliers offer same-day dispatch for standard lengths, while custom trays may take 7-14 working days . In summary, expect to pay EUR50-EUR250 per meter for fireproof stainless steel cable trays in Western Europe, with the final price depending on tray type, stainless steel grade, fireproofing, and supplier. For precise budgeting, it is recommended to request quotes from multiple suppliers and consider bulk discounts and delivery options.
